On July 12, 2011, the Martin County Chamber of Commerce hosted the first meeting of the ECRC at the NCTelecenter. The ECRC is a group of health professionals, Martin County Social Services and any other interested providers of health and well being services offered in Martin County. The goal of the group is to share information about services offered by their firms. This is an attempt to make sure any person needing services will be sent to the correct agency and that citizens will not miss out on services provided here in Martin County. The group will meet once a month and one agency per month will be highlighted and provide the program. Any firm is welcome to come and join by calling the chamber at (252) 792-4131.
